## Instant Wireless™ USB Network Adapter

*Wireless Technology, USB Convenience, and Ultimate Flexibility*

If you've been searching for an easy way to connect any PC or laptop to your wireless network, your wait is over! The Instant Wireless™ USB Network Adapter is the solution you've been looking for. The Plug-and-Play USB Network Adapter connects directly to any USB-ready PC—just plug it in and you're ready to share data, printers, or high speed Internet access over your existing wireless network. For desktop installation, you don't even have to open your PC's case. And user-friendly software makes it simple to set up.

Not only is the Instant Wireless™ USB Network Adapter easy to install and use, it's also powerful. You can be sending and receiving data at speeds up to 11Mbps. A high-powered built-in Diversity antenna means that you're connected at distances of up to 1500 feet. It's also versatile. Need to use it temporarily on another PC? No problem. Plug it into the USB port, set it up, and you're ready to go.

So for full desktop and notebook PC flexibility and wireless convenience, the Instant Wireless™ USB Network Adapter provides an all-in-one solution!
