

Instant Wireless™ USB Network Adapter

*Wireless Technology, USB Convenience, and
Ultimate Flexibility*

**Wireless Networking with the
Ease of USB**

**Instant Wireless™ USB Network Adapter
(WUSB11)**

Benefits

- Provides Wireless Connectivity Through Your USB Port—No Additional Wiring Needed
- High-Speed Data Rate of Up to 11 Mbps
- Reduces Networking Costs—No New Wiring and Product Can Be Used With Multiple PCs
- Utilizes Direct Sequence Spread Spectrum (DSSS) to Prevent Down Time
- Automatic Fall-Back Rate Increases Data Security and Reliability
- Free Technical Support—24 Hours a Day, 7 Days a Week for North America Only
- 1-Year Limited Warranty

If you've been searching for an easy way to integrate any PC or laptop into your wireless network, you'll find just the solution with the Instant Wireless™ USB Network Adapter. The Plug-and-Play USB Network Adapter connects directly to any USB-ready PC—just plug it in and you're ready to share data, printers, or high speed Internet access over your existing wireless network. For desktop installation, you don't even have to open your PC's case. And user-friendly software makes it simple to set up.

Not only is the Instant Wireless™ USB Network Adapter easy to install and use, it's also powerful. You can send and receive data at speeds up to 11Mbps and a new higher-powered antenna provides greater ranges than ever. The increased sensitivity helps filter out interference and "noise" to keep your signal clear. Improved error correction keeps you operating at higher transmission rates over longer distances. It's also versatile. Need to use it temporarily on another PC? No problem. Plug it into the USB port, set it up, and you're ready to go.

So for full desktop and notebook PC flexibility and wireless convenience, the Instant Wireless™ USB Network Adapter provides an all-in-one solution!

Features

- Up to 11 Mbps High-Speed Data Transfer Rate
- Integrated Equalizer Recovers Weak Signals and Enhances Sensitivity
- Movable External Antenna Improves signal Quality
- USB Port Powers Your Adapter—No Power Supply Needed!
- Compatible with Windows 98, Millennium, and 2000
- User-Friendly Setup Software Provides Hassle-Free Configuration
- Plug-and-Play Operation Provides Easy Setup
- Works with All Standard Internet Applications
- Interoperable with IEEE 802.11b (DSSS) 2.4GHz-Compliant Equipment
- Capable of up to 128-Bit WEP Encryption
- Free Software Driver Upgrades
- Free Technical Support—24 Hours a Day, 7 Days a Week for North America Only
- 1-Year Limited Warranty

Specifications

Model Number:	WUSB11
Standards:	IEEE 802.11b, USB Standard 1.0 and 1.1 Type B
WEP:	64 and 128 bit
Channels:	11 Channels (US, Canada) 13 Channels (Europe) 14 Channels (Japan)
Operating Range:	
Indoors:	up to 50M (164 ft.) @ 11 Mbps up to 80M (263 ft.) @ 5.5 Mbps or lower
Outdoors:	up to 150M (492 ft.) @ 11 Mbps up to 300M (984 ft.) @ 5.5 Mbps or lower
Data Rate:	Up to 11Mbps (with Automatic Scale Back)
LEDs:	Power, Link

Environmental

Dimensions:	3.98" x 3.11" x .91"(101 mm x 79 mm x 23 mm)
Unit Weight:	2.9 oz. (0.08 Kg)
Power Output:	15 dBm (typical)
Certifications:	FCC Class B, CE Mark Commercial, Wi-Fi
Operating Temp:	32°F to 131°F (0°C to 55°C)
Storage Temp:	-13°F to 158°F (-25°C to 70°C)
Operating Humidity:	0% to 70% Non-Condensing
Storage Humidity:	10% to 90% Non-Condensing

Package Contents

Instant Wireless™ USB Network Adapter

- One Instant Wireless USB Network Adapter
- One Driver Disk
- One USB Cable
- One User Guide and Registration Card

System Requirements

- Pentium-Class 90MHz or higher
- Minimum 32MB RAM
- USB-Ready PC
- Windows 98, 2000, or Millennium
- CD-ROM Drive
