

Instant Wireless™ Series Wireless USB Network Adapter

*Wireless Technology, USB Convenience, and
Ultimate Flexibility*

Wireless Networking with
the Ease of USB

Wireless USB Network Adapter
WUSB11 ver. 2.6

Benefits

- Enjoy Networking Reliability Without Wires
- Integrates Easily With Your Desktop or Notebook
- Reliable Networking Wherever You Go
- High-Speed Data Rate of Up to 11 Mbps
- Utilizes Direct Sequence Spread Spectrum (DSSS) to Prevent Down Time
- Automatic Fall-Back Rate Increases Data Security and Reliability
- Free Technical Support—24 Hours a Day, 7 Days a Week, Toll-Free US Calls
- 1-Year Limited Warranty

If you've been searching for an easy way to integrate any PC or laptop into your wireless network, you'll find just the solution with the Instant Wireless™ USB Network Adapter. The Plug-and-Play Wireless USB Network Adapter connects directly to any USB-ready PC—just plug it in and you're ready to share data, printers, or high speed Internet access over your existing wireless network. For desktop installation, you don't even have to open your PC's case. And user-friendly software makes it simple to set up.

Not only is the Instant Wireless™ USB Network Adapter easy to install and use, it's also powerful. You can send and receive data at speeds up to 11Mbps and a new higher-powered antenna provides greater ranges than ever. The increased sensitivity helps filter out interference and "noise" to keep your signal clear. Improved error correction keeps you operating at higher transmission rates over longer distances. It's also versatile. Need to use it temporarily on another PC? No problem. Plug it into the USB port, set it up, and you're ready to go.

So for full desktop and notebook PC flexibility and wireless convenience, the Instant Wireless™ USB Network Adapter provides an all-in-one solution!

Features
