

Compact DVD & Media Player

Official DivX Certified™ with optimized playback for high definition TV

KiSS DP-1100 DVD & Media Player

WATCH BEST DivX EVER

The KiSS DP-1100 plays all media formats, but connect it to a High Definition display to see the difference. The 1080i compatibility allows it to upscale video without any picture quality loss. This function allows to you watch High Resolution DivX movies on any type of display.

INCLUDES NERO DIGITAL AND PC SOFTWARE PACKAGE

KiSS DP-1100 includes playback for Nero Digital Format, and to help you manage the format, we have bundled the DP-1100 with 3 Software Packages from Nero. These packages include Nero ShowTime 2-CE, Nero Recode 2-CE and Nero Media-Home CE.

FEATURES

PLAYBACK FORMATS:

- DVD
- Nero Digital
- DivX High Resolution
