Customise your wireless network expansion with 3 additional modes
• Bridge: Wirelessly join multiple networks together**
• Media Connector: Connect one wired device to a wireless network
• Range Extender: increase existing wireless coverage

Push-button setup
The Wi-Fi Protected Setup™ button on your access point is designed to get you setup easily and more securely. Once the wireless connection to your router has been established, simply plug any wired ethernet device to one of the four ports and enjoy instant wireless connectivity.***

Key features
• Upgrade your network to wireless-N
• Extend range for enhanced coverage
• Connect wired devices to your wireless network

Speeds up to 300Mbps
Provides fast wireless connectivity with transfer rates up to 300 Mbps, you’ll enjoy a powerful networking experience for streaming video, sharing photos, or gaming online*.

Wireless-N with 2.4 or 5 GHz band
You can choose which band you set your access point to accommodate your devices on your network.

Media Connector Mode
Connect your HD TV or games consoles or Blu-ray player or other internet enabled devices to your network using the ethernet port.

Wall mountable
You can place this product wherever is convenient, even on the wall to save surface space.

Two detachable Antennae
The detachable antennae provide flexibility for increasing the range of your wireless signal in your home.

The Linksys Wireless Access Point with dual band can be used to create a new wireless network, or upgrade your existing one to wireless-N performance. It can also be used as a bridge to join multiple networks together, as a media connector to connect devices such as HD TVs, games consoles and other internet enabled devices to your network, or as a range extender, to expand the range that your wireless network can reach in your home.
**Hardware:**

- **Enclosure Dimensions:** 152 x 31 x 189 mm
- **Weight:** 207 g
- **Colour:** Black
- **Packaging Dimensions:** 241 x 188 x 74 mm

**Technology**

- **Wireless-N**
- **Band:** 2.4 GHz or 5GHz
- **Transmit/receive:** 2 x 2
- **Antennas:** 2 Detachable R-SMA antenna
- **Orientation:** Desk setup and Wall mountable
- **Ports:** 1 x 10/100 Mbps
- **Power Switch:** Power on and off switch
- **Wi-Fi Protected Setup:** Wi-Fi Protected Setup push button
- **LEDs:** Power, Wireless, Ethernet LAN, WPS
- **Wireless:** IEEE 802.11 a/b/g/n compliance
- **Radio Spec:** Operating Frequency: 2412-2472 & 5180-5240 MHz, Max Output Power: 2.4GHz: 19.28dBm, 5GHz: 21.99dBm, Antenna Gain: 2.4GHz: 3.5dBi, 5GHz: 3.5dBi, Antenna Type: Dipole.
- **Power Supply Spec:** INPUT: 100-240V~ 0.5A 50/60Hz, OUTPUT: 12V DC 1.0A

**Setup**

- **Warranty:** 2 year hardware limited warranty
- **OS compatibility:** Windows, Mac

**Minimum system requirements**

- Access Point Mode: Existing network
- Wireless Media Connector mode: Existing a/b/g/n wireless router or access point
- Active Ethernet port
- Wireless Range Extender Mode: Existing a/b/g/n wireless router or AP
- PC: Wi-Fi enabled PC with CD or DVD drive, running Windows XP SP3, Windows Vista SP1 or later, or Windows 7
- Mac: Wi-Fi enabled Mac with CD or DVD drive, running OS X Leopard 10.5.x or later, Snow Leopard 10.6.1 or later, or Lion 10.7 or later

**Internet browser requirements**

- Web Browser: Internet Explorer 8, Safari 5 (for Mac), Firefox 8, or Chrome configuration

**Package contents**

- Linksys WAP300N - Selectable Dual-Band Wireless-N Access Point
- Setup Software for Mac and or Windows
- Warranty, End-User License,
- User guide
- Regulatory documentation
- Ethernet Cable
- Printed Quick Start Guide

**Radio Spece:** Operating Frequency: 2412-2472 & 5180-5240 MHz, Max Output Power: 2.4GHz: 19.28dBm, 5GHz: 21.99dBm, Antenna Gain: 2.4GHz: 3.5dBi, 5GHz: 3.5dBi, Antenna Type: Dipole.
