

Instant Wireless® Series

Wireless PCI Card

Connect your desktop PC to a wireless network

Connect your desktop computer to a wireless network with the Linksys Wireless PCI Card. This Card installs in an expansion slot of most desktop computers, and comes with a Setup Wizard that walks you through configuring the Card to your wireless network settings, step by step.

The Wireless PCI Card lets you put your computer almost anywhere in the building, without the cost and hassle of running cables. Now you don't have to drill holes in your walls and climb through the attic or cellar to get connected to the network. Once you're connected, you can keep in touch with your e-mail, access the Internet, use instant messaging to chat with friends, and share files and other resources such as printers and network storage with other computers on the network.

The Linksys Wireless PCI Card is fully compliant with the 802.11b wireless network standard, transferring data at up to 11Mbps in the 2.4GHz radio band. And your wireless communications are protected by up to 128-bit encryption, so your data stays secure.

So don't hassle with running cables through your house—get your desktop connected the easy way with the Linksys Wireless PCI Card.

Wireless PCI Card
Model No.: WMP11 ver. 2.7

Benefits

- Wireless-B (802.11b) connectivity for your desktop PC
- Data rates up to 11Mbps in the 2.4GHz radio band
- Put your PC wherever you want, with no cabling hassle
- Included Setup Wizard takes you through configuration, step by step

Features

- Up to 11Mbps, High-Speed Data Transfer Rate with Automatic Fallback
- Compliant with 802.11b, DSSS, 2.4GHz Standard
- Plug-and-Play Operation Provides Easy Setup
- Supports up to 128-Bit WEP Encryption
- Compatible with Virtually All Major Network Operating Systems
- Uses Direct Sequence Spread Spectrum (DSSS) to Maintain Connectivity
- Hardware Buffer Chaining Provides High Performance While Reading and Writing Buffers
- Free Software Driver Upgrades
- Free Technical Support—24 Hours a Day, 7 Days a Week, Toll-Free US Calls
- 1-Year Limited Warranty

Specifications

Model Number	WMP11 ver. 2.7
Standards	IEEE 802.11b
Card Type	32-bit PCI
Channels	11 Channels (USA) 13 Channels (Europe) 14 Channels (Japan)
Port	One Antenna
Transmit	15 dBm
Receive Sensitivity	-82 dBm
Modulation	BPSK, QPSK, CCK
Network Protocols	IPX/SPX, TCP/IP, NetBEUI
LEDs	Power, Link

Environmental

Dimensions	5.25" x 4.76" x 0.75" (133 mm x 121 mm x 19 mm)
Unit Weight	3.2 oz. (0.09 kg)
Power	3.3 or 5V DC
Certifications	FCC Class B, Wi-Fi, CE, WHQL
Operating Temp.	32°F to 131°F (0°C to 55°C)
Storage Temp.	-4°F to 158°F (-20°C to 70°C)
Operating Humidity	0% to 90%, Non-Condensing
Storage Humidity	0% to 95%, Non-Condensing

Package Contents

- One Wireless PCI Card
- One Detachable Antenna
- One Setup CD-ROM with User Guide
- One Quick Installation guide
- Registration Card

Minimum Requirements

One PC (200MHz or Faster Processor) with:

- 64MB RAM
- CD-ROM Drive
- Windows 98SE, ME, 2000, or XP
- Available PCI Slot
